Rental Conditions of Use

As a member, Emergency Roadside Assistance is available 24 hours a day anywhere in the United States and Canada. Whether you have a flat tire, a dead battery, or lock your keys inside the vehicle, assistance is just a phone call away - **877-978-7222**.

Services

The Emergency Road Services are provided 24 hours a day, 7 days a week on a “sign and drive” basis for:

Towing and Winching

Towing of a mechanically disabled vehicle to the nearest qualified repair facility as determined by Coach-Net. Depending on the nature and time of the disablement, the service facility will be contacted in order to establish an appointment for the vehicle to be looked at once delivered to the location. If the vehicle becomes stuck and is at least 100 ft. from a maintained road, assistance will arrive to free the vehicle subject to a (1) one hour on-scene time limit. All remaining cost for labor parts and any additional winching shall be the responsibility of the member.

Delivery of Fuel and Emergency Fluids

Gasoline, oil, water, transmission fluid, power steering fluid and brake fluid delivered to your disabled vehicle, as necessary to remedy the disablement (except where prohibited by law). The cost of any such fluids, as well as any related labor charges, including but not limited to any labor charge associated with a reprime on diesel units which run out of fuel, is not covered.

Flat Tire

Changing of your vehicle’s flat tire using the vehicle’s mounted and inflated spare tire, or for towing of your vehicle to a repair facility. The cost of any replacement tire, alignment, mounting and balancing is not covered.

Jump-Start / Battery Boost

A jump start for your vehicle’s drained battery. The cost of any replacement battery and labor to install the battery will be at the member’s expense.

Lockout – Locksmith

Delivery of locksmith services to your vehicle and assistance in the opening of your locked vehicle, and/or obtaining a replacement key. The actual cost of a replacement key is at the member’s expense.

Mobile Mechanic

Depending on the nature and location of the disablement, a network of Independent Mobile Mechanic Service Providers may be used to provide timely assistance with the mechanically disabled vehicle thus preventing the need for a tow to a service facility. The actual cost of any replacement parts and labor once on scene will be at the member’s expense.

Service is available for emergency assistance on the roadside or in a campsite up to 100 feet off a maintained road or in a commercial campground equipped for camping vehicles only and does not include convenience or shuttle tows, towing from a servicing dealership or other repair facility. Only one service call per incident is covered, unless the vehicle needs to be towed to a safe location as determined by us. It does not cover recovery of a vehicle subjected to a natural disaster, a vehicle submerged in water, or a vehicle not on a maintained road. Coach-Net can assume no liability for any damage to the member's vehicle (including personal items left in the vehicle) or property resulting from the rendering of services. Any claims must be filed against the independent service provider. Cost of parts, replacement keys, fluids, lubricants or fuel, cost of installation of products, materials and additional labor related to towing.
- Non-emergency towing or other non-emergency service.
- Service on a vehicle that is not in a safe condition to be towed.
- Towing or service on roads not regularly maintained, such as sand beaches, open fields, forest and areas designed as not passable due to construction, etc.
- Repeated service calls for a covered vehicle in need of routine maintenance or repair.
- Requests for emergency roadside assistance must be placed through the programs toll-free number to the authorized dispatch center. Any emergency roadside assistance retained directly by the vehicle member is not reimbursable. No reimbursement payments will be made to the vehicle member for direct expenses incurred.
- Someone must be with the vehicle at the time of service unless doing so would put the safety of the individual at risk.
